

ILLINOIS INTERNATIONAL

Global Education & Training

Information Science and Engineering Program

July 21 - August 11, 2018

University of Illinois Global Education & Training would like to invite you to study this summer at the world-famous University of Illinois at Urbana-Champaign. The University of Illinois is consistently ranked as one of the top public universities in the United States and in the world, and the University of Illinois School of Information Sciences proudly boasts the top-ranked information science program in the US, and Engineering at the U of I is ranked in the top 5 in the US.

Here is an outstanding opportunity for you to study at our campus for two weeks, experience the teaching methods of U.S. higher education faculty, and complete two courses. You will also learn, first-hand, about the academic life and culture at an American university campus. Following your stay at the U of I, you will spend one week visiting New York City and Washington D.C.

The University of Illinois is situated in the middle of a vibrant community, rich in culture, with plenty of activities suitable to your interests. Please use the following link to access more detailed information about our campus and community:

www.illinois.edu

Program Overview

Classroom Study

Each course includes 16 hours of instruction, delivered in 2 hour morning and afternoon segments. The instructors will lead students through discussions of complex engineering & information science topics. Classes will culminate with a final exam. All classes will be in English. Certificates will be awarded upon successful completion.

Cultural Visits

GET staff will plan and accompany the group on field trips to famous modern and historical attractions in Chicago and Springfield.

Supervised Group Out-Of-State Travel

Following the end of the program, students will have a 7-day trip with a chaperone from GET. Students will visit key tourist sites, world-class universities, and government organizations in Chicago, Washington D.C., and New York City before departing for China.

The Courses

Control Systems

This course will focus on modeling of linear dynamic systems, Laplace transform techniques, linear feedback control systems, stability criteria, and design techniques.

Instructor: Petros Voulgaris, PhD, Professor
Department of Aerospace Engineering

Network Analysis

This interdisciplinary course introduces students to fundamental theories, concepts, methods and applications of network analysis. We will focus on social, socio-technical and information networks. Students learn how to approach network analysis in an informed, systemic and analytically rigorous

fashion. At the end of the course, students will be able to design, manage, and execute network analysis projects.

Instructor: Jana Diesner, PhD, Assistant Professor &
Program Director, School of Information Sciences

Important Dates

Sat, July 21- Arrive at Chicago O'Hare airport. Pickup by GET staff.

Sun, July 22- Campus tour

Mon, July 23- Orientation and Intro to campus

Tue, July 24- Fri, July 27- Classes in session

Sat, July 28- Field trip to Springfield

Mon, July 30- Thur, Aug 2- Classes in session

Fri, Aug 3- Final Exams and Graduation Lunch

Sat, Aug 4- Depart for Chicago

Sun, Aug 5- Depart for Washington, D.C.

Tue, Aug 7- Depart for NYC

Fri, Aug 10- Depart for China

Program Fees

Program Fee includes tuition, training materials, cultural activities, and local transportation through mass-transit bus system.

\$3100 per person

Campus Housing Fee (14 days on campus)

Shared room: **\$350 per person**

Single room: **\$480 per person**

Campus Meal Fee includes breakfast and dinner at University residence halls. All other meals at additional expense. **\$240 / person**

Global Education & Training

Accounting and Finance Summer Program

July 28 - August 18, 2018

University of Illinois Global Education & Training (GET) would like to invite you to study this summer at the world-famous University of Illinois at Urbana-Champaign. The University of Illinois is consistently ranked as one of the top public universities in the United States and in the world, and the University of Illinois College of Business also proudly boasts a top-ranked under-graduate accounting program in the U.S. and a highly competitive finance program.

Here is an outstanding opportunity for you to study at our campus for two weeks, experience the teaching methods of U.S. higher education faculty, and complete two courses. You will also learn, first-hand, about the academic life and culture at an American university campus. Following your stay at the U of I, you will spend one week visiting New York City and Washington D.C.

Following the end of the program, students will have a 7-day trip with a chaperone from GET. Students will visit key tourist sites, world-class universities, and government organizations in Chicago, Washington D.C., and New York City before departing for China.

The Courses

Financial Management

The financial management course examines topics in general and corporate finance, including time value of money, asset evaluation, risk and return, and risk management. We will examine the valuation of equities, bonds, projects, and entire firms.

Instructor: Mark K. Smith, Ph.D., MBA, Lecturer of Finance, Department of Finance, College of Business

Accounting Theory - Special Topics

This course introduces students to the role of accounting information as a tool used by decision makers for resource allocation and by the firm to control its broader organizational units. Students will develop a deeper appreciation for the qualities of useful information, business environments, and risk.

Instructor: Julia Shapland, Senior Lecturer of Accountancy and Director of Accountancy Internship Program

Entrepreneurship

The goal of this course is to learn to use financial statements as tools to help manage a business, to learn some of the contemporary methods of financing small businesses, to understand the business environment, the problems of start-up ventures, and more. The student will assume the role and attitude of the owner-manager of a business.

**Instructor: George Krueger, CEO of Bigg Success
Lecturer, Department of Finance**
