## **BRIEF DESCRIPTION OF THE WINTER INTERNATIONAL STUDY LIKE A RUSSIAN SCHOOL**

**W**inter International School is a unique opportunity to dive into the Russian world for 2 weeks, get acquainted with culture, language and some specific areas like business, winter sport and game studies in the team of the Ural Federal University.

The program is designed for 2 weeks (1 + 1).

The first weeks are common for all students and devoted to Russian language. This course Russia is designed for students studying Russian at all levels and willing to practice their knowledge in the language and cultural environment. Within the frames of the course students will advance their language proficiency, improve their pronunciation, improve the skills of communication with native speakers, get acquainted with the Russian culture and overcome language barriers.

After that, students are engaged for 1 week in educational and project work, for the selected track:

## TRACKS

### THE WINTER INTERNATIONAL STUDY LIKE A RUSSIAN SCHOOL

#### Business

This course is dedicated to the basics of business in Russia and abroad. During the course you will learn how to generate, assess and implement business ideas. You will learn the basics of projects realization. You will be acquainted with some special aspects of business in Russia in compare with the business abroad. The program gives a wonderful opportunity to see the business “inside” thanks to the practical-oriented part, visiting different organizations and enterprises, and strong project work part.

#### Game studies

Computer games are complex phenomenon of contemporary culture, vivid example of the fast development of audiovisual technologies. If the first computer games were simple entertaining arcades with primitive gameplay, many modern computer games have become huge virtual worlds (e.g. “TES V: Skyrim” (2011) or “Total War: Rome II” (2013), “Kingdom Come: Deliverance” (2018) that raise sophisticated philosophical, social, ethical, aesthetical, political, educational, historical, religious or even gender and cybersports issues.

#### Sport

The program is designed for those who would like to devote themselves to training and winter sports (downhill skiing, cross-country skiing, speed skating). During the week, classes will be organized on the basics of training to reveal the secrets of the correct training techniques.

#### Russian language

The program of Russian as a foreign language “Study like a Russian” is one of the most popular subjects among foreign students coming to study in Russia. Depending on your ultimate goal, the program of study you choose needs to be adjusted so that you find yourself focusing on the right level as you learn Russian as a foreign language. In purpose to make a tailor-made program, we prepared a short questionnaire for you to learn your preferences and expectations about the course. For basic conversation, anyone learning Russian as a foreign language should primarily work on pronunciation, vocabulary needed in everyday use, and conversational grammar. It could seem to be rather challenging at first but with our teachers’ professional skills and care, you are sure to change your mind. Moreover our course includes lessons of Russian culture, history, business and other extralinguistic issues. Having completed this program, a student does not only start to talk in Russian but obtain good knowledge about Russia and its people.
