

SUAI Summer School of Russian Language and Culture

2015.07.06-2015.07.19

Saint Petersburg State University of Aerospace Instrumentation (SUAI) invites you to take part in a two-week Summer School of Russian language and culture. The Summer School is organized for students interested in Russian language, history and culture, and is a great opportunity to gain an exciting international experience, to improve their knowledge and speaking skills and to get acquainted with one of the most beautiful cities of the world!

St. Petersburg is a storehouse for historical monuments and sites: here you can find more than 200 museums; about 70 theaters and creative teams, including the world-famous Mariinsky Opera and Ballet Theater, the Mikhailovsky Theatre, the Philharmonic Hall and others. In the environs of St. Petersburg there are the famous residences of the Russian tsars: the magnificent monuments of world palace architecture and gardening.

During your stay in St. Petersburg as part of our Summer School you will get:

- 40 hours of Russian as a foreign language (grammar, listening, speaking and writing);
- Professional teachers who have experience in working with foreign students from different countries of Europe, Asia and America;
- Exciting excursions, extracurricular programs;
- Direct interaction with native speakers, in particular, with the students of our University;
- New knowledge and an unforgettable experience.

The Summer School participants will attend lectures on various relevant topics (topics and speakers will be specified later), and will receive detailed information about the SUAI Master's Degree programs.

The School is suitable for participants of all levels of proficiency in Russian (beginner, intermediate, advanced). All participants are accommodated in SUAI hostel.

Students of SUAI partner universities participate in the Summer School on the free of charge basis.

The Summer School will be held in SUAI from July 6 to July 19, 2015.
